INTEL® RFID SENSOR PLATFORM Hx000
END USER LICENSE AGREEMENT

This END USER LICENSE AGREEMENT (this “Agreement”) is entered into between Intel Corporation, a Delaware corporation (“Intel”), and you or your employer or other entity for whose benefit you are acting (“Licensee”). Intel and Licensee are referred to herein individually as a “Party” or, together, as the “Parties.” “Software” means the software (including any firmware and updates, bug fixes, or corrections issued by Intel or its licensors or suppliers, whether or not downloaded from other sites or installed on the Sensor by someone other than Intel or its suppliers) as embedded on, and intended to be executed by, the Sensor. “Sensor” means the Intel® RFID Sensor Platform (RSP) Hx000.

By opening the box containing the Sensor, Licensee, in consideration of the mutual covenants contained in this Agreement, and for other good and valuable consideration, the receipt and sufficiency of which it acknowledges, and intending to be legally bound, agrees as follows:

1. **LIMITED LICENSE.** Conditioned on Licensee’s compliance with the terms and conditions of this Agreement, Intel grants to Licensee a limited, nonexclusive, nontransferable (except as set forth in the last sentence of this paragraph), revocable, worldwide, fully paid-up license during the term of this Agreement, without the right to sublicense, under Intel’s copyrights (subject to any third party licensing requirements), to execute an object code representation of the Software only on the Sensor on which the Software was delivered or for which the Software was provided. Licensee has the right to transfer the Software solely in connection with a transfer of all of its rights, title, and interest in the Sensor, subject to the terms and conditions of this Agreement and such transferee agrees in writing to be fully bound by the terms and conditions of this Agreement.
2. **LICENSE RESTRICTIONS.** All right, title, and interest in and to the Software and associated documentation are and will remain the exclusive property of Intel and its licensors or suppliers. Except as provided in Section 1, Licensee will not use, or permit any other third party to use, the Software. Licensee will not, and will not allow any third party to (i) copy, distribute, sell or offer to sell the Software or associated documentation; (ii) modify, adapt, enhance, disassemble, decompile, reverse engineer, change or create derivative works from the Software except to the extent applicable law specifically prohibits such restrictions; (iii) use or make the Software available for the use or benefit of third parties; or (iv) use the Software on anything other than the Sensor on which the Software was embedded. Licensee acknowledges that an essential basis of the bargain in this Agreement is that Intel grants Licensee no licenses or other rights including, but not limited to, patent, copyright, trade secret, trademark, trade

name, service mark or other intellectual property licenses or rights with respect to the Software and associated documentation, by implication, estoppel or otherwise, except for the licenses expressly granted in Section 1 above. Nothing in this Agreement grants Licensee any right to use Intel’s name in any publications, advertisements, or other announcements. Licensee may not remove or alter any copyright, trademark, trade name, or other proprietary or confidential notices or labels copyright notices from the Software.

3. **LICENSE TO FEEDBACK.** This Agreement does not obligate Licensee to provide Intel with materials, information, comments, suggestions, or other communication regarding the features, functions, performance, or use of the Sensors or the Software (“Feedback”). To the extent Licensee provides Intel with Feedback in a tangible form, Licensee grants to Intel and its affiliates a non-exclusive, perpetual, sublicenseable, irrevocable, worldwide, royalty-free, fully paid-up and transferable license, to and under all of Licensee’s intellectual property rights, whether perfected or not, to publicly perform, publicly display, reproduce, use, make, have made, sell, offer for sale, distribute, import, create derivative works of, and otherwise exploit any Feedback provided by Licensee or on Licensee’s behalf.
4. **OPEN SOURCE STATEMENT.** The Software may include Open Source Software (OSS) licensed pursuant to OSS license agreement(s). Nothing in this Agreement limits any rights under, or grants rights that supersede, the terms of any applicable OSS license. Neither Licensee nor any third party may subject any proprietary portion of the Software to any OSS license obligations including, without limitation, combining, or distributing the Software with OSS in a manner that subjects Intel, the Software, or any proprietary portion of the Software to any OSS license obligation. If required by any license for particular OSS, if not otherwise published, Intel makes such OSS available upon written request.
5. **NO OBLIGATION; NO AGENCY.** Intel or its licensors or suppliers may make changes to the Software, or items referenced therein, at any time without notice. Intel and its licensors or suppliers are not obligated to support, update, provide training for, or develop any further version of the Software or to grant any license thereto. No agency, franchise, partnership, joint venture, or employee-employer relationship is intended or created by this Agreement.
6. **EXCLUSION OF WARRANTIES.** THE SOFTWARE IS PROVIDED “AS IS” WITHOUT ANY EXPRESS OR IMPLIED WARRANTY OF ANY KIND INCLUDING WARRANTIES OF MERCHANTABILITY, NONINFRINGEMENT, OR FITNESS FOR A PARTICULAR PURPOSE. Intel does not warrant or assume responsibility for the accuracy or completeness of any

information, text, graphics, links, or other items within the Software.

7. LIMITATION OF LIABILITY. IN NO EVENT WILL INTEL OR ITS AFFILIATES, LICENSORS OR SUPPLIERS (INCLUDING THEIR RESPECTIVE DIRECTORS, OFFICERS, EMPLOYEES, AND AGENTS) HAVE ANY INDEMNITY OBLIGATION IN CONNECTION WITH THIS AGREEMENT OR BE LIABLE FOR ANY DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, LOST PROFITS, BUSINESS INTERRUPTION, OR LOST DATA) ARISING OUT OF OR IN RELATION TO THIS AGREEMENT, INCLUDING THE USE OF OR INABILITY TO USE THE SOFTWARE, EVEN IF INTEL HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. SOME JURISDICTIONS PROHIBIT EXCLUSION OR LIMITATION OF LIABILITY FOR IMPLIED WARRANTIES OR CONSEQUENTIAL OR INCIDENTAL DAMAGES, SO THE ABOVE LIMITATION MAY IN PART NOT APPLY TO LICENSEE. LICENSEE MAY ALSO HAVE OTHER LEGAL RIGHTS THAT VARY FROM JURISDICTION TO JURISDICTION.

THE SOFTWARE AND THE SENSORS ONLY ARE INTENDED FOR USE IN INVENTORY TRACKING APPLICATIONS. THE SOFTWARE LICENSED HEREUNDER AND THE SENSORS ARE NOT DESIGNED OR INTENDED FOR USE IN ANY MEDICAL, LIFE SAVING OR LIFE SUSTAINING SYSTEMS, TRANSPORTATION SYSTEMS, NUCLEAR SYSTEMS, OR FOR ANY OTHER MISSION CRITICAL APPLICATION IN WHICH THE FAILURE OF THE SOFTWARE COULD LEAD TO PERSONAL INJURY OR DEATH, OR FOR COLLECTION OR PROCESSING OF PERSONALLY-IDENTIFIABLE OR PROTECTABLE INFORMATION OR FOR USE IN ANY SECURED OPERATIONS. SUCH USES ARE A BREACH OF THIS LICENSE AGREEMENT AND LICENSEE SHALL BEAR ALL LIABILITY FOR ANY USE OF THE SOFTWARE AND / OR SENSORS IN VIOLATION OF THESE PROHIBITED USES.

THE LIMITED REMEDIES, WARRANTY DISCLAIMER, AND LIMITED LIABILITY ARE FUNDAMENTAL ELEMENTS OF THE BASIS OF THE BARGAIN BETWEEN INTEL AND LICENSEE. LICENSEE ACKNOWLEDGES INTEL AND ITS LICENSEES WOULD BE UNABLE TO PROVIDE THE SOFTWARE WITHOUT SUCH LIMITATIONS. LICENSEE WILL INDEMNIFY AND HOLD INTEL AND ITS AFFILIATES, LICENSORS AND SUPPLIERS (INCLUDING THEIR RESPECTIVE DIRECTORS, OFFICERS, EMPLOYEES, AND AGENTS) HARMLESS AGAINST ALL CLAIMS, LIABILITIES, LOSSES, COSTS, DAMAGES, AND EXPENSES (INCLUDING REASONABLE ATTORNEY FEES), ARISING OUT OF, DIRECTLY OR INDIRECTLY, ANY BREACH OF THIS LICENSE AGREEMENT, THE DISTRIBUTION OF THE SENSOR OR SOFTWARE, AND ANY CLAIM OF PRODUCT LIABILITY, PERSONAL INJURY, OR DEATH ASSOCIATED WITH ANY UNINTENDED USE, EVEN IF SUCH CLAIM ALLEGES THAT INTEL OR AN INTEL AFFILIATE, LICENSORS, OR SUPPLIER WAS NEGLIGENT REGARDING THE DESIGN OR MANUFACTURE OF THE SENSOR OR THE SOFTWARE.

8. TERMINATION AND SURVIVAL. Intel may terminate this Agreement for any reason with thirty (30) days' notice and immediately if Licensee or someone acting on Licensee's behalf or at Licensee's behest violates any of its terms or conditions. Upon termination of this Agreement, all licenses granted to Licensee hereunder terminate immediately. All Sections of this Agreement, except Section 1, will survive termination.

9. GOVERNING LAW AND JURISDICTION. This Agreement and any dispute arising out of or relating to it will be governed by the laws of the United States and Delaware, without regard to conflict of laws principles. The Parties exclude the application of the United Nations Convention on Contracts for the International Sale of Goods (1980). The state and federal courts sitting in Wilmington, Delaware, will have exclusive jurisdiction over any dispute arising out of or relating to this Agreement. The Parties consent to personal jurisdiction and venue in those courts. A Party that obtains a judgment against the other Party in the courts identified in this section may enforce that judgment in any court that has jurisdiction over the Parties.

10. EXPORT REGULATIONS/EXPORT CONTROL. The Software may be subject to export laws and regulations of the United States and other applicable governments. Licensee agrees to comply with these laws and regulations governing any export, re-export, distribution, or transfer of the Software. Licensee also agrees that it will not use the Software for any purposes prohibited by the U.S. government or other applicable governments, including, without limitation, for the development, design, manufacture, or production of nuclear, chemical, or

biological weapons or missiles capable of delivering such weapons.

11. COMPLIANCE WITH LAWS. Anything contained in this Agreement to the contrary notwithstanding, the obligations of the Parties under this Agreement will be subject to all laws, present and future, of any government having jurisdiction over the parties, and to orders, regulations, directions, or requests of any such government. Licensee is solely responsible for its lawful installation, implementation, deployment, processing, use, and application of the Software, including compliance with privacy and data protection laws that may apply to the collection and processing of information by the Software.

12. GOVERNMENT RESTRICTED RIGHTS. The Software is a commercial item (as defined in 48 C.F.R. 2.101) consisting of commercial computer software and commercial computer software documentation (as those terms are used in 48 C.F.R. 12.212). Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.72021 through 227.7202-4, Licensee will not provide the Software to the U.S. Government. Contractor or Manufacturer is Intel Corporation, 2200 Mission College Blvd., Santa Clara, CA 95054.

13. ASSIGNMENT. Except as expressly set forth in Section 1, Licensee may not delegate, assign, or transfer this Agreement, the license(s) granted, or any of Licensee's rights or duties hereunder, expressly, by implication, by operation of law, or otherwise and any attempt to do so, without Intel's express prior written consent, will be null and void. Intel may assign, delegate and transfer this Agreement, and its rights and obligations hereunder, in its sole discretion.

14. ENTIRE AGREEMENT; SEVERABILITY. The terms and conditions of this Agreement constitutes the entire agreement between the Parties with respect to the subject matter hereof, and merge and supersede all prior or contemporaneous agreements, understandings, negotiations and discussions. Neither Party will be bound by any terms, conditions, definitions, warranties, understandings, or representations with respect to the subject matter hereof other than as expressly provided herein. In the event any provision of this Agreement is unenforceable or invalid under any applicable law or applicable court decision, such unenforceability or invalidity will not render this Agreement unenforceable or invalid as a whole, instead such provision will be changed and interpreted so as to best accomplish the objectives of such provision within legal limits.

15. WAIVER. The failure of a Party to require performance by the other Party of any provision hereof will not affect the full right to require such performance at any time thereafter; nor will waiver by a Party of a breach of any provision hereof constitute a waiver of the provision itself.

16. PRIVACY. LICENSEE'S PRIVACY RIGHTS ARE SET FORTH IN INTEL'S PRIVACY NOTICE, WHICH FORMS A PART OF THIS AGREEMENT. PLEASE REVIEW THE PRIVACY NOTICE AT [HTTP://WWW.INTEL.COM/PRIVACY](http://www.intel.com/privacy) TO LEARN HOW INTEL COLLECTS, USES, AND SHARES INFORMATION.
